

## **Authorization for Payroll Deduction**

***All direct care workers, contractors and employees with direct consumer contact, are required to have an initial 2-Step PPD test performed and annually re-certification thereafter. Prior to employment, a criminal background check is required, and a Child Abuse History clearance may be required if there are children present in the client's home.***

I authorize Help at Home to deduct from paycheck a sum equal to the costs associated with obtaining the following required record information needed for employment as a direct care worker. Should I choose to utilize one of these companies for my annual recertification, this authorization is binding for any fees incurred to be deducted from my paycheck.

*Help at Home has arrangements with multiple companies that will perform these tests. If you utilize one of these companies, the fees incurred will be deducted from your pay at the following rates:*

Test / Clearance	Provider	Fee
Chest X-Ray Dual View	Worknet- In House	\$68.00
Chest X-Ray Dual View	Worknet- Hospital	\$136.00
